

Easy St. Patrick's Day Cupcakes

Ingredients:

1 box yellow cake mix

1 bottle of green food coloring

1 can cake frosting

Line muffin tins with paper liners. If you don't have them, you can grease the muffin tin instead.

Prepare cake batter per instructions on the box and add some green food coloring until you get the green color you are looking for.

Pour the batter into the tins and bake in a preheated oven at 375 degrees for about 20 minutes or until done. You can check for doneness by inserting a wooden tooth pick into the center of the cupcake and if it comes out clean with no dough, your cupcakes are done.

For the frosting, just add some green food coloring and sprinkle with green sugar. You can buy this at the grocery store.
