

Peach Delight Cake

Ingredients:

1 16 oz. can of sliced peaches in light syrup

1 Pkg. Betty Crocker Super Moist yellow cake mix

1 6 oz. original peach yogurt

1 4 oz. frozen whipped topping thawed

Butter

2 tbs. flour

Preheat oven to 350 degrees. Grease and flour two cake pans with butter and sprinkle with flour!

Drain peaches and save the syrup. Add enough water to the syrup until you have 1 ¼ cup.

Prepare cake mix as directed on the package **EXCEPT substitute the water and syrup mixture** for the water.

Pour the batter into the cake pans and bake and cool on a wire rack. Cut peaches into bite sized pieces and mix with the yogurt and whipped topping. Fold in peaches.

Use about half of the mixture on top of the bottom cake, place the other cake on top and top with remaining mixture.

If you do it right, you also have enough for the sides.
