

Shrimp Boil

3 lbs. large shrimp

2 lbs. sausage

6 half ears of corn on the cob

10 large new potatoes halved

1 pkg. shrimp boil

In a large pot boil water and add shrimp boil and corn. Boil corn for about 15 minutes and then add the new potatoes.

Boil potatoes about 10 minutes or until just starting to get soft.

Add sausage and boil for about 5 minutes.

Add shrimp and bring water back to a boil and turn off heat. To get all the flavor let sit in the pot about 15-20 minutes. Use a shorter time for less heat!

Remove ingredients into a large bowl and presto.
