

Strawberries Dipped in Melted Chocolate

1/2 half a pound (or more) of your favorite chocolate

1 quart of strawberries

First rinse and cut the tops off of the strawberries; Placing in a bowl or dish of your choice.

Slowly melt the chocolate. Chocolate must not come into contact with water and you must heat slowly. If you have a fondue pot it works great. Because you really can't tell with chocolate, you have to stir to ensure its smooth and melted.

Dip strawberries into the chocolate using a toothpick or your hands.
